

INTERNATIONAL SCOUT CENTRE RUSTAVI

ABOUT US

International Scout Centre Rustavi (ISCR) is an independent, non-political, non-governmental, and non-profit public movement **established in 2013**. Located in Rustavi, the third-largest city in Georgia, ISCR serves as a dynamic **educational hub**, offering a range of formal and non-formal educational programs designed to support children and young people. Our organization operates as a voluntary educational movement, **promoting principles of inclusivity, participation, and experiential learning**, ensuring that youth are active contributors to their own development.

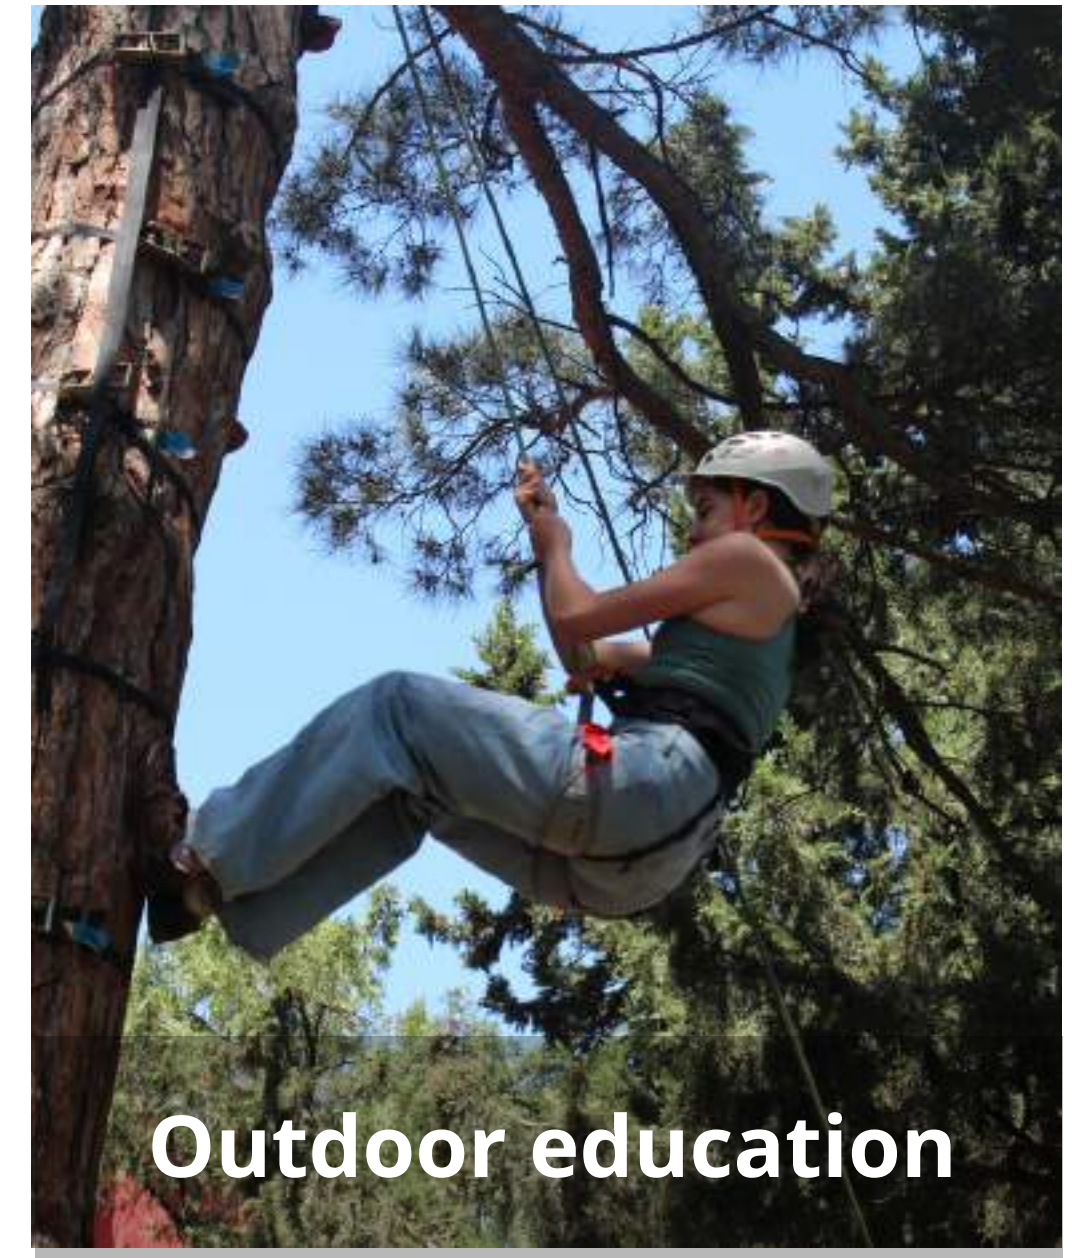

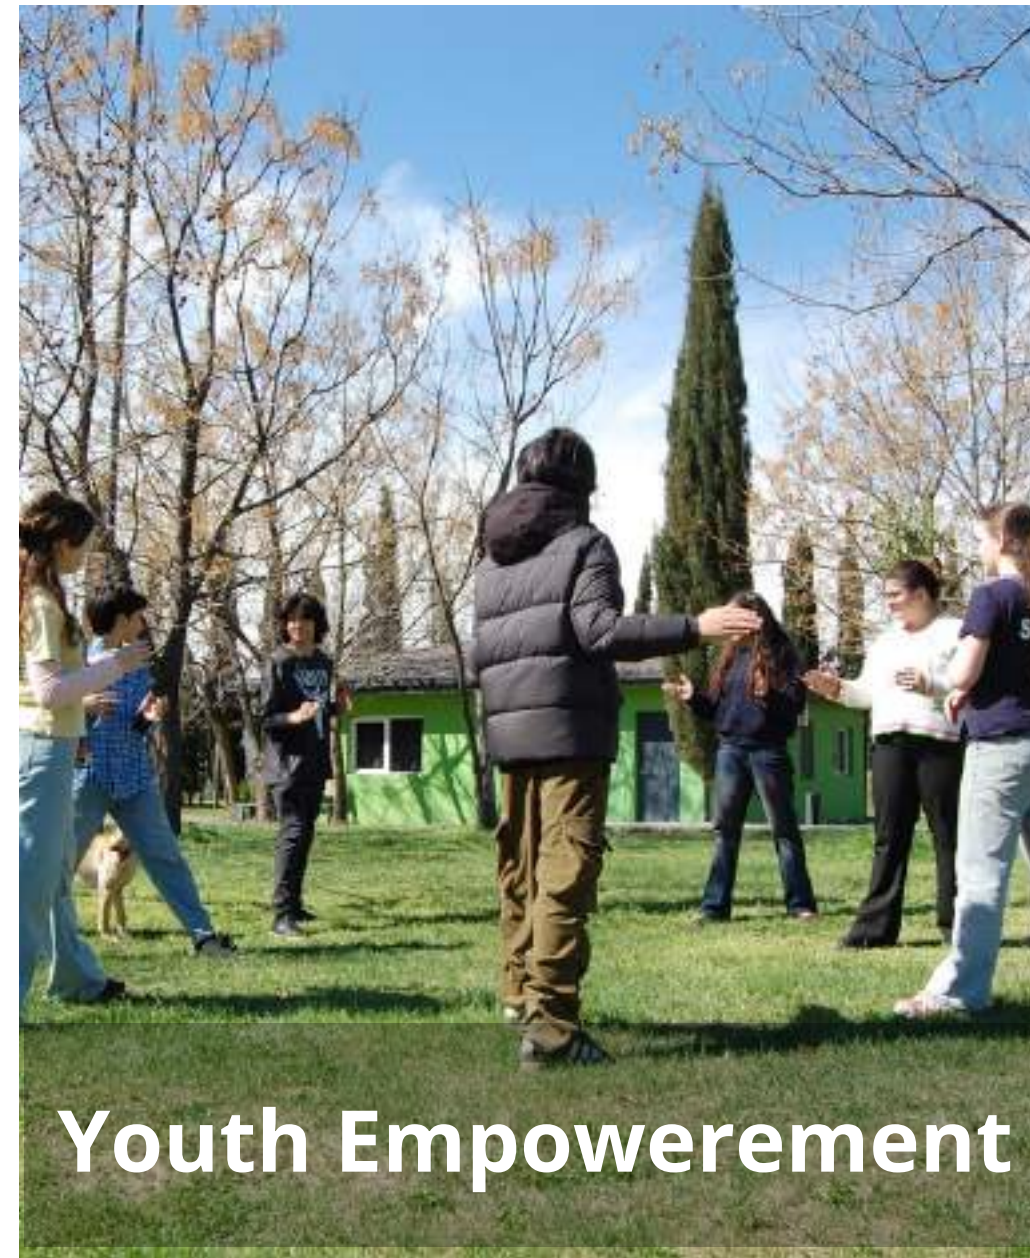

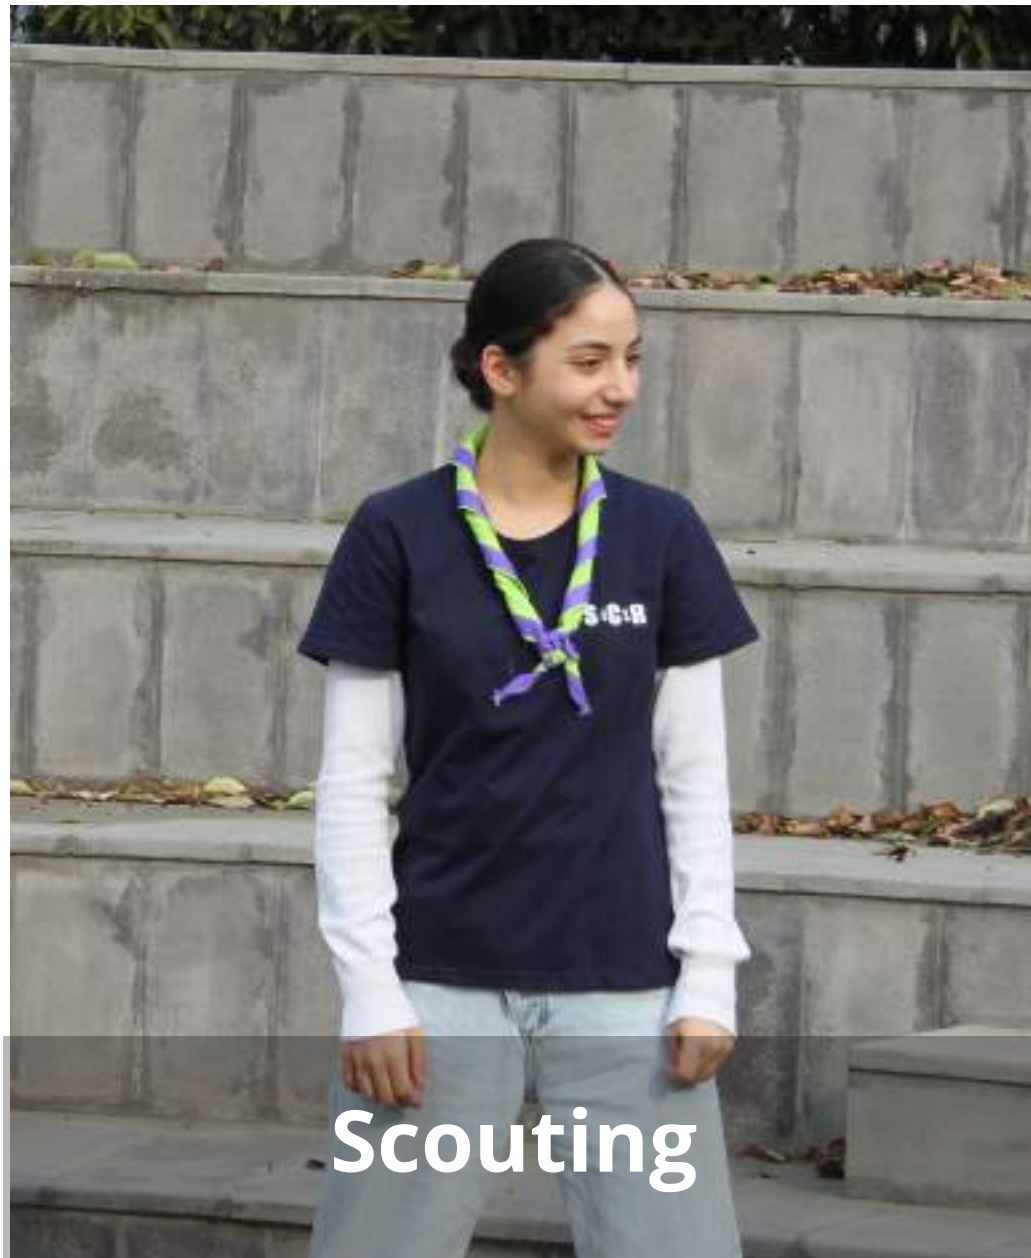

OUR

Our mission is to **empower children and youth through outdoor-based education and international mobility opportunities.** We strive to foster the **holistic development** of youth, equipping them with essential life skills, environmental consciousness, and the confidence to become responsible citizens and active members of their communities, both locally and internationally. **We believe in the power of education, scouting, and community service to transform lives.**

MISSION

FOCUS AREAS

WORKING METHODS

ISCR's core approach is built on **outdoor and scout-based education**. We primarily employ informal educational methods based on games and activities, **using the outdoors as a tool for teaching** and equipping young people with vital skills and knowledge. We strongly emphasize "**learning by doing**"—an experiential method where participants develop resilience, teamwork, leadership, and problem-solving skills by actively engaging in tasks. While we maintain a minimal level of theoretical approaches, our focus remains on experiential learning.

A group of students are gathered around a table, focused on wrapping a gift. One student in a grey hoodie is holding a piece of bright green wrapping paper, while another in a white hoodie is using a green marker to draw on it. A third student in a light blue hoodie is also visible, holding a green marker. The gift is partially wrapped in the green paper, which has a purple and green striped ribbon. The background is dark and out of focus, showing other people and a tiled floor.
